

The  
Bloomingdale's  
Tour  
in Reston.

1. *Bennington Square*. Designed for the first-home buyer, this Colonial townhouse built by Ryan Homes has been decorated with contemporary furnishings like large club chairs and a platinum elm table in the dining room. Grays and mauve add to the contemporary styling.

2. *Collaborative Phase One*. Possibly the most contemporary home on the tour, this custom-built model combines stark black, white and shades of gray with a minimal

amount of furniture so not to distract from the innovative floor plan and spectacular architecture.

3. *Waterford Square*. An abundance of glass, mirror accents and lacquered rattan furniture give this luxury condominium both a modern and Art Deco design. The model included in the tour is only one of eight spacious floor plans available.

4. *Koury/Tipton*. Complete with Victorian-style roof lines, this beautiful farmhouse design

is decorated with solid-pine reproductions from the American Folk Art Museum. Hardwood floors and navy blue throughout the house enhance the country mood.

5. *Deck House*. Natural tweeds, green and peach tones, split rattan furniture and brass accents highlight the western cedar, oriental ash and mahogany used in this contemporary solar home. Don't miss the conservatory sun-room that both serves as an elegant living area and the home's primary heating source.

6. *Audubon Terrace*. You're invited to visit two different models at this California-style townhouse community on Lake Audubon. The first features a greenhouse off the dining room and uses only a few pieces of furniture for a high tech feel. The second is considerably more traditional, done in terra cotta and browns, accented with dhurrie rugs.

All homes featured on this tour have been decorated by Bloomingdale's Design Service. Each model on the tour is open from 10 a.m. to 6 p.m. daily.

Directions: From Capital Beltway, take Exit 10W or 11S. Go west on Virginia Route 7 approximately 7 miles and follow signs to the Reston Visitors Center. For more information about these and other homes in Reston, call (703) 471-7030.
