# INSTRUCTIONS FOR FORM 1023, EXEMPTION APPLICATION GENERAL INSTRUCTIONS

(References are to the Internal Revenue Code unless otherwise indicated)

A.—Who Must File.—An organization desiring to establish exemption from Federal income tax as an organization described in section 501(c)(3) of the Internal Revenue Code, must file this application form unless it has already obtained a ruling or determination letter holding it exempt from Federal income tax under such section of the law. Be certain, however, before filing that you have not already been ruled tax exempt through the efforts of some former officer or member. You should be equally certain that any such prior exemption was obtained by you as an entity and not by some predecessor organization of a similar name. If you are subordinate to a parent organization, make sure that you are not already exempt under a group ruling issued to your parent. Many fraternities, church groups, and functions of educational institutions are exempt under such group rulings. All subordinate units or activities of exempt parents may not themselves be exempt, however, and you should not assume that you are exempt without a careful examination of the ruling by which your parent received its exemption.

Section 501(c)(3) of the Code provides for the exemption of organizations which are organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary, or educational purposes, or for the prevention of cruelty to children or animals. In order to be exempt as an organization described in section 501(c)(3), an organization must meet two tests: (1) it must be organized exclusively for one or more of the purposes in the statute stated above, and (2) it must be operated exclusively for one or more of such purposes. If either of these tests is not met, the organization will not qualify for exemption. Thus, even though an organization engages exclusively in exempt activities, if it is not organized exclusively for exempt purposes it will not qualify for exemption.

In order to meet the organizational test, the purposes of an organization, as set forth in its creating instrument, can be no broader than the purposes set forth in section 501(c)(3). The "creating instrument" is the document whereby the organization was created. For example, in the case of a corporation the creating instrument would be its charter or articles of incorporation, rather than its bylaws. In addition, the powers given an organization to carry out its stated purposes may not expressly authorize it to carry on, other than as an insubstantial part of its activities, activities which are not in furtherance of one or more exempt purposes. This applies even though the purposes are no broader than those set forth in section 501(c)(3).

A further requirement of the organizational test is that an organization's assets must be irrevocably dedicated to an exempt purpose so that in the event of its dissolution, the assets will be distributed only for an exempt purpose. This requirement may be met by a specific provision in the organization's creating document for the distribution of assets in the event of dissolution, or by evidence showing that by operation of law, i.e., by state statute or judicial proceedings, the assets will be properly distributed.

The second part of the dual test for exemption, the operational requirement, makes it essential that an organization's activities be in furtherance of one or more of the purposes set forth in the statute. It is necessary, therefore, that an organization claiming exemption clearly establish that its operations or proposed operations meet the requirements of the statute.

B.—Signature and Verification.—The application must be signed by either the president, vice president, or other principal officer who is authorized to sign. If the application is filed on behalf of a trust, it must be signed by the authorized trustee or trustees.

C.—Time and Place for Filing.—If you believe you are organized so as to qualify for exemption and can show, either by your record of past operations or by your proposed method of future operations, that you meet the operational requirements for exemption, to obtain a ruling or determination you must complete and file in duplicate an exemption application with the District Director of Internal Revenue for the district in which you maintain your head-quarters or principal place of business. All the information requested in the application must be furnished, and the supporting documents and statements must be submitted in duplicate, or the application will not be considered on its merits and you will be notified accordingly.

D.—Attachments.—All attachments and enclosures, including articles of incorporation, constitution, articles of association, declaration of trust, bylaws, financial statements, and other statements, must be filed in duplicate. Every attachment and enclosure should show the name and address of the organization, the date, an identifiable heading showing the question number or subject matter to which it relates, and that it is an attachment to Form 1023. Do not submit original documents since all documents filed must be retained by the Service.

In addition to the documents and statements listed which must be filed, any additional information citing court decisions, rulings, exopinions, etc., should be filed for purposes of expediting the processing of your application.

Power of Attorney.—If you expect to be represented in person or by correspondence by an agent or an attorney, a power of attorney authorizing the agent or attorney to represent you must be filed in duplicate.

F.—Returns.—A mere claim or contention by an organization that it is exempt from income tax under section 501(a) will not relieve the organization from filing income tax returns and paying the tax.

G.—Requests for Withholding of Information.—Any information which is submitted in the application or in support of it and which is determined by the Commissioner to relate to any trade secret, patent, process, style of work, or apparatus, may upon request be withheld from public inspection if the Commissioner determines that the disclosure of such information would adversely affect the organization. Such request must (1) clearly identify the material to be withheld (the document, page, paragraph, and line), (2) include the reasons for the organization's position that the information is of the type which may be withheld from public inspection, and (3) be filed with the documents in which the material to be withheld is contained.

H.—Employer Identification Number.—Enter your employer identification number on line 1b. If you do not have an identification number, submit a completed Form SS-4, Application for Employer Identification Number, with this exemption application.

If the answer is "Yes," and you expect to receive such property, attach a statement explaining in detail.

8e.—If the answer is "Yes," attach a statement explaining in detail.

8f.—An organization which as a substantial part of its activities attempts to influence legislation by propaganda or otherwise is considered an "action" organization and will not qualify for exemp-

tion under section 501(c)(3). For this purpose, an organization will be regarded as attempting to influence legislation if it contacts, or urges the public to contact, members of a legislative body for the purpose of proposing, supporting, or opposing legislation, or if it advocates the adoption or rejection of legislation. The term "legislation" as used here includes action by the Congress, by any State legislature, by any local council or similar governing body, or by the public in a referendum, initiative, constitutional amendment, or similar procedure.

Even though an organization does not engage in direct attempts to influence legislation, if its main or primary objective may be attained only by legislation or a defeat of legislation, and it advocates or campaigns for the attainment of such main or primary objective, as distinguished from engaging in nonpartisan analysis, study, or research and making the results thereof available to the public, it will be considered an "action" organization and accordingly not exempt as an organization described in section 501(c)(3).

If the answer to this question is "Yes," attach a statement describing fully all activities or planned activities in this connection, their frequency, the approximate amount of time devoted or to be devoted thereto by your officers and members, and furnish copies of any literature distributed or to be distributed, and any other pertinent material.

8g.—An organization will be considered an "action" organization and will not qualify for exemption if it participates or intervenes, directly or indirectly, in any political campaign on behalf of or in opposition to any candidate for public office. "Candidate for public office" means an individual who offers himself, or is proposed by others, as a contestant for an elective public office, whether such office be national, State, or local. Such participation includes, but is not limited to, the publication or distribution of written or printed statements or the making of oral statements for or against a candidate.

If the answer to this question is "Yes," attach a statement describing fully all such activities or planned activities and furnish copies of any literature distributed or to be distributed in this connection.

8h.—If the answer is "Yes," attach a statement showing the names of the recipients, the amount paid or to be paid, the character of the services rendered or to be rendered, and the time devoted or to be devoted thereto. If amounts are paid or will be paid on other than a fixed compensation basis, for example, in payment of travel, living, automobile, or other expenses, explain fully the nature of the expense, the amount (if paid), how accounted for by the recipient, and by whom payment is or will be approved.

8i.—A private shareholder or individual is one who has a personal or private interest in an organization. If the answer is "Yes," and part of your net income inures to the benefit of a private shareholder or individual, attach a statement giving the name or names of the recipients, the amount received by each, and the reason for the payment. If the answer is "Yes," and you plan to have any part of your net income inure to the benefit of a private shareholder or individual, attach a statement explaining in detail.

8j.—If the answer is "Yes," attach a statement showing the name of the organization(s) and the manner or nature of your actual or planned affiliation or relationship.

8k.—If the answer is "Yes," and you actually hold 10 percent or more of any class of stock or 10 percent or more of the total combined voting power of stock in any corporation, attach a statement showing: (1) name of corporation, class of stock and whether voting or nonvoting; (2) number of shares owned of each class at beginning and end of your latest annual accounting period; (3) total number of shares outstanding of each class; (4) value of stock as recorded on your books and included in your statement of assets and liabilities; (5) date acquired and from whom; and (6) manner of acquisition.

If any stock is subject to voting restrictions, attach copy of agreement. If no written agreement exists, explain fully.

If the answer is "Yes," and you plan to hold 10 percent or more of any class of stock or 10 percent or more of the total combined voting power of stock in any corporation, attach a statement explaining in detail.

10 a. and b.—The copies required must conform in all respects as to text, date of adoption, signature, etc.

10d.—A classified statement of receipts and disbursements must be furnished clearly reflecting the nature or source of each receipt, the gross amount received from each source, the expenditures made, purpose, and the total amount expended for each purpose. Neither bank statements nor ledger sheets will be acceptable for this purpose since they are not classified: Profit and loss or other similar operating statements also are not acceptable since they do not show all receipts and expenditures.

(1) Where funds have been loaned or borrowed, if not disclosed in answer to question 6, attach a statement showing: (a) names of the parties; (b) whether the lender or borrower is an officer, director, trustee, member, shareholder, or employee; (c) reason for the loan; (d) period of the loan; (e) interest payable; and (f) security given, if any.

(2) Where income is derived from ticket sales or facilities furnished to nonmembers, explain fully and state the amount which represents such nonmember income.

(3) Where rental income or expense is involved, if not disclosed in the copy of the lease required to be filed with this application, or if there is no written lease, attach a statement showing: (a) names of the parties to the lease; (b) whether leased to or by an officer, director, trustee, member, shareholder, employee, or contributor to you; (c) rental and how determined; (d) date tenancy began, and any extensions, renewals or options; and (e) amount of any indebtedness on the property, to whom owing, interest payable and term.

(4) Where funds are distributed to other organizations, attach a statement showing the official name of each donee, its complete address, and the amount given to each.

10e.—In the event a dissolution clause is not included in your creating document (such a provision must be in the document whereby you were created rather than your bylaws or other code of regulations) and you are relying on operation of law, you must attach a brief which outlines the State statutes and judicial decisions, if any, on which you rely. You must show that the State statutes clearly insure that your assets will be distributed only to a recipient that would qualify for exemption as an organization described in section 501(c)(3) or would escheat to the State for a public purpose.

If reliance is placed on judicial decisions, the brief must show, with citation of case holdings, (1) that the doctrine of cy pres has been adopted by the State and consistently applied in similar situations, (2) that your creating instrument clearly manifests the general charitable intent required to insure application of cy pres by the appropriate judicial authority to your assets, and (3) that the particular application of cy pres insures distribution of your assets for exempt purposes within the meaning of section 501(c)(3).

10h.—The statement must be sufficiently detailed to show that each activity is clearly within the intent of the statute. A restatement of your purposes or a statement that your activities or proposed activities are or will be in furtherance thereof is not sufficient. If you have not operated and are filing this application on the basis of proposed activities, the description of your proposed activities must not only describe the activities in which you expect to engage, but also how you expect to raise your funds, and the nature of your principal contemplated expenditures.

If your proposed activities will encompass more than merely turning over funds to other exempt organizations, the standards, criteria, procedures, or other means adopted or planned by you for carrying them out must be stated.

As to expected sources of funds, state whether support will be from public or private sources, i.e., from the public at large or governmental units or from your creator, members of a family group,

or a few interested individuals; and the nature of the support, i.e., contributions, gifts, grants, or other. If income from fund raising events, ticket sales, rentals, or other business or investment sources is anticipated, state the nature of the proposed venture and furnish any pertinent details.

The statement of principal contemplated expenditures should reflect administrative and operating expenses as well as expenditures made directly in furtherance of exempt purposes. If grants, gifts, awards, etc., to individuals are planned, the selection criteria to be followed must be stated.

If you are organized to operate a home for the aged, school, hospital, clinic, or bookstore; or to award scholarships, make loans, engage in or sponsor research, conduct educational activities other than a school; or to expend any part of your funds in foreign countries, the information called for below must be furnished.

Home for aged.—If you are organized to operate a home for the aged, submit: (a) a description of the facilities and services provided or to be provided the residents, including the residential capacity of the home; (b) the criteria for admission to the home; (c) charges for admission (entrance fee and/or monthly charge) and whether payable in a lump sum or on an installment basis; (d) whether all residents are or will be required to pay fees; (e) how charges are or will be determined, i.e., on a profit basis, to recover costs, or at less than cost; (f) whether any residents are or will be accepted without pay and, if so, how many; (g) whether residents are or will be discharged if unable to pay; (h) whether Federal mortgage financing has been applied for and, if so, the type; and (i) copies in duplicate of admission applications and/or any other literature or brochures descriptive of the home, its facilities, and admission requirements.

Scholarships.—If you award or plan to award scholarships, submit: (a) criteria used or to be used for selection, including the fules of eligibility; (b) how and by whom the recipients are or will be selected; (c) if awards are or will be made directly to individuals, whether information is required assuring that the student remains in school; (d) if awards are or will be made to recipients of a particular class, for example, children of employees of a particular employer, whether any preference is or will be accorded an applicant by reason of the parent's position, length of employment, or salary; whether as a condition of the award the recipient must upon graduation accept employment with the company, and whether the award will be continued irrespective of termination of the parent's employment; and (e) copies in duplicate of the scholarship application form and any brochures or literature describing the scholarship program.

Loans.—If you make or plan to make loans for charitable and educational purposes, submit: (a) circumstances under which such loans are or will be made; (b) criteria for selection, including the rules of eligibility; (c) how and by whom the recipient is or will be selected; (d) manner of repayment of the loan; (e) security required, if any; (f) interest charged, if any, and when payable; and (g) copies in duplicate of loan application and any brochures or literature describing the loan program.

Research.—If you engage or plan to engage in research, submit: (a) nature of research engaged in or contemplated; (b) a brief description of research projects completed or presently being engaged in; (c) how and by whom research projects are determined and selected; (d) whether you have or contemplate having contract or sponsored research and, if so, names of past sponsors or grantors, terms of contract or grant, together with copies in duplicate of any executed contracts or grants; (e) disposition made or to be made of the results of your research, including whether preference has or will be given to any organization or individual, either as to results or time of release; (f) who will retain ownership or control of any patents, copyrights, processes, or formulae resulting from your research; and (g) copies in duplicate of publications or other media showing reports of your research activities. Only reports of your research activities or those conducted in your behalf as distinguished from those of your creators or members conducted in their individual capacities should be submitted.

. ...

School.—If you are organized to conduct a school, submit full information regarding your tuition charges, number of faculty members, number of full-time students enrolled, number of part-time students enrolled, courses of study, and degrees conferred, together with a copy of your school catalog.

Education (other than school).—If you claim exemption as an educational organization other than a school, submit complete information as to the manner in which you carry on or plan to carry on your educational activities, i.e., by panels, discussions, lectures, forums, radio or television programs, or through various cultural media such as museums, symphony orchestras, art exhibits, etc. In each instance, explain by whom and where conducted, admission fees, if any, and submit, in duplicate, copies of pertinent contracts, agreements, publications, leaflets, pamphlets, programs, etc.

Hospital.—If you are organized to operate a hospital, attach a statement including: (a) requirements for admission to practice on the staff; (b) your policy and practice with regard to charity patients; and (c) if you have operated, the number of patient days during your latest annual accounting period of full pay, part pay, and no pay patients. In case of part pay and no pay patients, state whether they were admitted regardless of their ability to pay or whether they were patients whose accounts were charged off as bad debts or uncollectible. If any part of your facilities are or will be used by or rented to others, for example, doctors, X-ray laboratories, drugstore, or office space, describe fully the arrangements for use, the space and what percentage of your building it represents, terms of occupancy, occupants and their relation to or connection with your hospital and any services performed by them for you, and attach copies in duplicate of pertinent leases and contracts.

Clinic.—If you are organized to operate a clinic, attach a statement including: (a) description of the facilities and services; (b) to

whom the services are or will be offered, i.e., the public at large or a specific group; (c) how charges are or will be determined, i.e., on a profit basis, to recover costs, or at less than cost; (d) by whom administered and controlled; (e) whether any of the professional staff, that is, those who perform or will perform the clinical services, also serve or will serve in an administrative capacity; and (i) how compensation paid the professional staff is or will be determined.

If any part of your facilities are or will be used by or rented to others, for example, doctors, X-ray laboratories, drugstore, or office space, describe fully the arrangements for use, the space and what percentage of your building it represents, terms of occupancy, occupants and their relation to or connection with your clinic and any services performed by them for you, and attach copies in duplicate of pertinent leases and contracts.

Foreign distributions.—If any of your funds are or will be expended in foreign countries, attach a statement including: (a) manner in which and by whom recipients are or will be selected; (b) names of recipient organizations and/or purposes for which the funds are or will be expended; (c) extent to which, if any, you control or will control expenditure of funds donated by you to foreign organizations, and whether there is or will be any required reporting of such expenditures to you; and (d) whether contributions are or will be solicited by you and earmarked for specific foreign distributees.

If you elect to use the last-in first-out (LIFO) method of valuing inventory provided in section 472, attach Form 970 or a statement that contains the information required by Form 970 to your return for the first year that method is to be used.

Full absorption method of inventory costing.—Taxpayers engaged in manufacturing or production operations must use the full absorption method of inventory costing. If they are not using the full absorption method of inventory costing, they must change to this method under which both direct and certain indirect production costs are included for inventory value purposes.

A special election is provided so that taxpayers will not have to change to the full absorption method for taxable years prior to the year for which the election is made. The election may be made by filing Form 3115 during the first 180 days of any taxable year beginning on or after September 19, 1973 and before September 19, 1975. The change shall be made for the tax year in which the election is made. For further details, see section 1.471–11 of the regulations.

Cost of operations (where inventories are not an income-determining factor).—If the amount entered on line 2 includes an amount applicable to cost

of operations, attach a schedule showing (1) salaries and wages and (2) other costs in detail.

- 4. Dividends.—(Numbered to correspond with line numbers in Schedule C.)
- [1.] Enter dividends received from domestic corporations subject to income tax and which are subject to the 85% deduction under section 243(a) (1). Include on this line taxable distributions from a DISC or former DISC that are designated as being eligible for the 85% deduction.

Small business investment companies must enter dividends received from domestic corporations subject to income tax even though a deduction is allowed for the entire amount of such dividends in line 1 of Schedule I. For dividends received from a regulated investment company, see section 854 for the amount subject to the 85% deduction

So-called dividends or earnings received from mutual savings banks, etc., are really interest and should not be treated as dividends.

- [2.] Enter dividends received on the preferred stock of a public utility that is subject to income tax and is allowed the deduction provided in section 247 for dividends paid.
- [3.] Enter dividends received from foreign corporations and which qualify for the 85% deduction provided in section 245(a).
- [4.] Enter dividends received from wholly-owned foreign subsidiaries and which are eligible for the 100% deduction provided in section 245(b).

In general, this deduction applies to dividends paid out of the earnings and profits of a foreign corporation for a taxable year during which (1) all of its outstanding stock is owned (directly or indirectly) by the domestic corporation receiving the dividends and (2) all of its gross income from all sources is effectively connected with the conduct of a trade or business within the U.S.

This 100% deduction does not apply if an election under section 1562 (election of multiple surtax exemptions by a controlled group of corporations) is effective for either (1) the taxable year of the domestic corporation in which the dividends are received, or (2) the taxable year of the foreign corporation out of the earnings and profits of which the dividends are paid.

[5.] Enter foreign dividends (including minimum distributions under subpart F) not reportable on lines 3 and 4. Exclude distributions of amounts constructively taxed in the current year or in prior years under subpart F.

- [6.] Include income constructively received from controlled foreign corporations under subpart F. This amount should equal the total of amounts reported in Schedule A, line 5 of Form(s) 3646.
- [7.] Include gross-up for taxes deemed paid under sections 902 and 960.
- [8.] Enter only those dividends subject to the elective provisions of section 243(b) and are entitled to the 100% dividends-received deduction under section 243(a)(3). Corporations making this election are subject to the provisions of section 1561.
- [9.] Enter only those dividends that are subject to the elective provisions of section 243(b) and are entitled to the dividends-received deduction as computed under the provisions of section 1564(b). Corporations making this election are subject to the provisions of section 1562 as modified by section 1564.
- [10.] Enter taxable distributions from a DISC or former DISC that are designated as not being eligible for the 85% deduction.
- [11.] Include dividends (other than capital gain dividends) received from regulated investment companies and which are not subject to the 85% deduction; dividends from tax-exempt organizations; dividends (other than capital gain dividends) received from a real estate investment trust which, for the taxable year of the trust in which the dividends are paid, qualifies under sections 856-858; dividends not eligible for a dividends-received deduction because of the holding period of the stock or an obligation to make corresponding payments with respect to similar stock; and any other taxable dividend income not properly reported above.
- 6. Other interest.—Enter interest on loans, notes, mortgages, bonds, bank deposits, corporate bonds, tax refunds, etc.

Do not offset interest income against interest expense.

- 7. Gross rents.—Enter the gross amount received for the rent of property. Deduct expenses such as repairs, interest, taxes, and depreciation in the proper lines for deductions.
- 9(a). Net capital gains.—Every sale or exchange of a capital asset must be reported in detail in Schedule D even though no gain or loss is indicated.

If the net long-term capital gain exceeds the net short-term capital loss, or in case of only a net long-term capital gain, compute the alternative tax on separate Schedule D to see if it produces a lesser tax.

- 9(b). Ordinary gain or (loss).—Enter the total ordinary gain or loss from line 9, Part II, Form 4797.
- 10. Other income.—The attached schedule should include recoveries of bad debts deducted in prior years under the specific charge-off method. Refunds of taxes deducted in prior years should be reported here and not offset against current year's taxes.

If "other income" consists of only one item, you may identify it by showing the account caption in parentheses on line 10.

#### **Deductions**

12. Compensation of officers.—
Complete column 8 of Schedule E for your 6 highest paid officers. To determine the highest paid officers, add all allowances, including expense account allowances, to each officer's compensation. Expense account allowance means (1) amounts, other than compensation, received as advances or reimbursements and (2) amounts paid by or for the corporation for expenses incurred by or on behalf of an officer. Column 8 does not have to be completed for any officer for whom the combined amount is less than \$30,000.

This information is to be submitted by each member of an affiliated group included in a consolidated return.

- 14. Repairs.—Enter the cost of incidental repairs, such as labor and supplies, that do not add to the value or appreciably prolong the life of the property. Include in this line the total amount of repairs from Form 4832.
- 15. Bad debts.—Bad debts may be treated in either of two ways—(1) as a deduction for debts that become worthless in whole or in part, or (2) as a deduction for a reasonable addition to a reserve for bad debts. (Section 166.)

Application to change the method of computing bad debts must be made on Form 3115.

17. Taxes.—Enter taxes paid or accrued during the taxable year and attach a schedule showing the type and amount of tax.

Do not include Federal income taxes, foreign or U.S. possession income taxes if a foreign tax credit is claimed, or taxes not imposed on the corporation. See section 164(d) for apportionment of taxes on real property between seller and purchaser.

18. Interest.—Do not include interest on indebtedness incurred or continued to purchase or carry obligations on which the interest is wholly exempt from income tax. (Section 265.)

Mutual savings banks, building and loan associations, and cooperative banks should enter amounts paid or credited to the accounts of depositors as dividends, interest, or earnings.

See section 267 for limitation on deductions for unpaid expenses and interest in transactions between related taxpayers.

19. Contributions.—Enter contributions or gifts actually paid within the taxable year to or for the use of charitable and governmental organizations described in section 170(c) and any unused contributions carried over from prior years.

The total amount claimed may not exceed 5% of taxable income (line 30) computed without regard to (1) any deduction for contributions, (2) the special deductions in line 29(b), (3) deductions allowed under sections 249 and 250, (4) any net operating loss carryback to the taxable year under section 172, and (5) any capital loss carryback to the taxable year under section 1212(a)(1).

Charitable contributions in excess of the 5% limitation may not be deducted for the taxable year but may be carried over to the next 5 taxable years.

A contribution carryover is not allowed, however, to the extent that it increases a net operating loss carryover. See section 170(d)(2)(B).

Corporations on the accrual basis may elect to deduct contributions paid on or before the 15th day of the 3d month after the end of the taxable year if the contributions are authorized by the board of directors during the taxable year. A declaration, signed by an officer, stating that the resolution authorizing the contributions was adopted by the board of directors during the taxable year, and a copy of the resolution, must both be attached to the return.

Attach a schedule showing the name of each organization and the amount paid. If a contribution is made in property other than money, describe the kind of property contributed and the method used in determining its fair market value. If a contribution carryover is included, show the amount and how it was determined.

Special rule for contributions of certain property.—If you make a charitable contribution of property, the contribution must be reduced by the sum of

(1) the ordinary income and

(2) for certain contributions, 62½ % of the long-term capital gain,

that would have resulted if the property were sold at its fair market value. The

reduction for 62½% of the long-term capital gain applies to (1) contributions of tangible personal property for use by an exempt organization for a purpose or function unrelated to the basis for its exemption, and (2) contributions of any property to or for the use of certain private foundations. (Section 170(e).)

Bargain sale to a charitable organization.—If you take a charitable contribution deduction for property sold to a charitable organization, the adjusted basis for determining gain from the sale is an amount which is in the same ratio to the adjusted basis as the amount realized is to the fair market value of the property.

20. Amortization.—If you claim a deduction for amortization, attach a schedule showing: (1) a description of the expenditures being amortized; (2) date acquired, completed, or expended; (3) amount being amortized; (4) amortization deducted in prior years; (5) amortization period (number of months); (6) amortization for this year; and (7) the total amount of amortization less the amount claimed in Schedule A and elsewhere on the return.

See section 169 and related regulations for conditions under which the cost of certified pollution control facilities may be amortized over 60 months.

Also see section 188 for conditions under which certain expenditures for on-the-job training and child care facilities may be amortized over 60 months.

- 21. Depreciation.—See instructions for Schedule G.
- 22. Depletion.—The percentage depletion rate for oil and gas wells is 22%. See section 613(b) for rates applicable to other natural deposits.

Attach Form T if a deduction is claimed for depletion of timber.

- 24. Pension, profit-sharing, etc. plans.—File Form 4848 with a Schedule A (Form 4848) and Form 4849 on or before the 15th day of the 5th month following the close of your taxable year, if you have adopted a pension, profit-sharing, or other funded deferred compensation plan.
- 25. Employee benefit programs.— Enter the amount of your contributions to employee benefit programs (e.g. insurance, health and welfare programs) that are not an incidental part of a pension, profit-sharing, etc., plan included on line 24.
- 26. Other deductions.—No deduction is allowable for any amount allocable to a class of exempt income other than exempt interest income. Items directly attributable to wholly exempt in-

come must be allocated to such income, and items directly attributable to any class of taxable income must be allocated to such taxable income.

If an item is indirectly attributable both to taxable income and exempt income, a reasonable proportion of the item, determined in the light of all the facts and circumstances in each case, must be allocated to each.

Attach a statement showing (1) the amount of each class of exempt income and (2) the amount of expense items allocated to each such class. Show the amount allocated by apportionment separately.

29(a). Net operating loss deduction.—The "net operating loss deduction" is the sum of the net operating loss carryovers and carrybacks to the taxable year. (Section 172(a).)

Generally, a net operating loss may be carried back 3 years and carried over 5 years. The net operating loss must first be carried to the earliest of the 8 taxable years to which it may be carried, then to the next earliest year, etc. The portion of the loss that may be carried to each of the other 7 taxable years is the excess, if any, of the loss over the sum of the taxable income for each of the prior taxable years to which the loss may be carried. (Section 172(b).)

The term "net operating loss" means the excess of allowable deductions over gross income, computed with the following modifications under section 172(d):

- (1) No net operating loss deduction is allowed.
- (2) The special deduction provided in section 922 (Western Hemisphere trade corporations) is not allowed.
- (3) The special deductions in line 1 of Schedule I are computed without regard to the 85% limitation provided in section 246(b). See section 1.172–2 of the regulations.
- (4) The special deduction allowed by section 247 (dividends paid on certain preferred stock of public utilities) is computed without regard to section 247(a)(1)(B).

As stated, the net operating loss deduction is the sum of the carryovers and carrybacks. However, the following modifications must be taken into account in determining the taxable income that must be subtracted from a net operating loss to determine the portion of such loss that will still be available to carry to a later year:

(a) The special deduction provided in section 922 (Western Hemisphere trade corporations) is not allowed.

(b) The net operating loss deduction is determined without regard to the net operating loss for the loss year or any taxable year thereafter, and under certain circumstances, without regard to any portion of a net operating loss attributable to a foreign expropriation loss.

If you have a net operating loss carryback and want a "quick refund" of taxes, file Form 1139 within 12 months after the close of the taxable year in which the net operating loss occurred. (Section 6411.)

If a net operating loss carryback creates an unused investment credit or an unused work incentive (WIN) credit in a preceding year, the unused credit may be carried back to the 3 preceding years (however, the WIN credit cannot be carried back to years beginning before 1972), and, under the provisions of section 6411, a quick refund of the taxes affected may be obtained by filing Form 1139.

29(b). Special deductions.—See instructions for Schedule I.

#### Schedule G-Depreciation

Complete Schedule G if you claim a deduction for depreciation of property, leasehold improvements, patents, or copyrights. Form 4562, Depreciation, may be used as a supplement to Schedule G.

Salvage value.—Salvage value must be taken into account in determining the depreciation deduction except under the declining balance method, Class Life (ADR) System, or Guideline Class Life System. For personal property (other than livestock) with a useful life of 3 years or more, salvage value may be reduced by an amount not in excess of 10% of the cost or other basis of the property. Property cannot be depreciated below a reasonable salvage value after you make the above salvage value reduction.

Tangible property other than real property.—Tangible personal property, whether new or used, may be depreciated under the straight line method or the 150% declining balance method.

New tangible personal property with a useful life of 3 years or more may also be depreciated under (1) the double declining balance method, (2) the sum of the years-digits method, or (3) any other method that does not result in accumulated allowances at the end of any year (during the first two-thirds useful life of the property) greater than the total that could have been deducted if the double declining balance method had been used.

New section 1250 property.-The

double declining balance and sum of the years-digits methods may be used only for new residential rental property from which at least 80% of the gross rental income is derived from rental of residential units. Other new real property may be depreciated under the straight line or 150% declining balance methods.

Used section 1250 property.—Used residential rental property with a useful life of 20 years or more may be depreciated under the 125% declining balance method. Other used real property may be depreciated under the straight line method.

Rehabilitation expenditures for low-income rental housing.—You may elect to compute the depreciation deduction under section 167(k) for rehabilitation expenditures incurred for low-income rental housing under the straight line method using a useful life of 60 months and no salvage value in lieu of any other method of computing depreciation. For details, see section 167(k).

Section 179—Additional first-year depreciation allowance.—For the first year a depreciation deduction is allowable, corporations may elect to write off 20% of the cost (before adjustment for salvage value) of new or used tangible personal property with a useful life of 6 years or more, up to an aggregate cost of \$10,000.

Controlled corporate groups must apportion this \$10,000 amount among members of the group. For this purpose, section 179(d)(7) provides a special definition of controlled groups.

If the additional first-year allowance is elected, the basis of the property must be reduced by the amount of the deduction before computing the ordinary depreciation.

### Schedule I-Special Deductions

(Numbered to correspond with line numbers in Schedule I.)

1. A small business investment company operating under the Small Business Investment Act of 1958 may deduct 100% of dividends received from domestic corporations subject to income tax. (Section 243(a)(2).)

No deduction is allowed under section 243 for a dividend from a DISC or former DISC (as defined in section 992 (a)) to the extent such dividend is paid out of the corporation's accumulated DISC income or previously taxed income, or is a deemed distribution under section 995(b)(1).

In general, no dividends-received deduction will be allowed on any share of stock (a) that is disposed of if the corporation held it 15 days or less, or (b) to the extent the corporation is under an obligation to make corresponding payments with respect to substantially identical stock or securities.

2. Limitation on dividends-received deduction.—Line 2 may not exceed 85% of (line 28, page 1, less the sum of lines 3, 4, and 6 of Schedule I). For this purpose, line 28, page 1, is to be computed without regard to any capital loss carryback to the taxable year under section 1212(a)(1).

In a year in which a net operating loss occurs, sections 172(d) and 246(b) provide that this 85% limitation does not apply even if the loss is created by the dividends-received deduction.

In the case of a small business investment company, the dividends-received deduction of 100% included in line 2 is not subject to the overall 85% limitation.

Financial institutions should see section 596 for special limitation on dividends-received deduction.

- 5. Deduction for dividends paid on certain preferred stock of public utilities.—Section 247 allows public utilities a deduction of 29.167% of the lesser of (1) dividends paid on their preferred stock during the taxable year, or (2) taxable income computed without regard to this deduction. In a year in which a net operating loss occurs, section 172(d) provides that the deduction is to be computed without regard to section 247(a)(1)(B).
- 6. Deduction for Western Hemisphere trade corporations.—Section 922 allows Western Hemisphere trade corporations a deduction of 29.167% of taxable income computed without regard to this deduction.

However, no deduction is allowed to a corporation for a taxable year for which it is a DISC or during which it owns directly or indirectly at any time stock in a DISC or former DISC as defined in section 992(a).

### Schedule J—Tax Computation

1. Surtax exemption.—In general, corporations are entitled to a \$25,000 surtax exemption. Certain controlled corporations, however, are limited to a smaller amount under the provisions of

real was to delight the consequence

sections 1561, 1562, and 1564. (See section 1563 for definition of controlled group.)

Under the provisions of section 1561, a controlled group of corporations, with respect to a specified December 31, must divide one \$25,000 surtax exemption equally among all component members of the group unless the group specifically consents to split up the \$25,000 amount among all component members in accordance with an apportionment plan. See section 1561 and the regulations thereunder for the time and manner of making the consent.

For taxable year 1974, only one member of a group that has made an election under section 1562 may claim a full \$25,000 surtax exemption. The other members are each limited to \$4,167. (Fiscal year 1974–75 members, see below.) Section 1564(a)(2) provides that the component members of the controlled group must elect which member is to receive the full \$25,000 and which members are to be limited to \$4,167. See section 1.1564–1(b) of the regulations for the manner of making the election.

If the group elects to have each component member claim a separate surtax exemption under section 1562, each component member must pay an additional tax of 6% of the amount of income equal to its surtax exemption. If only one member of the group has any taxable income, the 6% tax does not apply. (Section 1562(b)(1)(A).)

Special rules apply to those members of a controlled group having a fiscal year beginning in 1974 and ending in 1975. See Form 1120–FY and example (7) of section 1.21–1(n) of the regulations.

- 2. Mutual savings banks conducting life insurance business.—The tax under section 594 consists of the sum of (1) a partial tax computed on Form 1120 on the taxable income of the bank determined without regard to income or deductions allocable to the life insurance department; and (2) a partial tax on the taxable income computed on Form 1120L of the life insurance department. Enter the combined tax on line 5 of Schedule J, Form 1120. Attach Form 1120L as a schedule and identify as such.
- 3. Credit for wages paid or incurred in Work Incentive (WIN) Program.— Employers may claim a credit of 20%

of the salaries and wages paid or incurred to employees hired under a WIN program. The credit is allowed for the salaries and wages paid or incurred for the first 12 months of employment. For special rules and limitations, see Form 4874 and sections 50A and 50B.

4. Tax from recomputing a prior year WIN credit.—If a WIN employee is dismissed before the end of the first 12 months of employment or during the following 12 calendar months, you must repay (with certain exceptions) any tax credit previously taken on the salaries and wages paid or incurred to that employee. (See Form 4874.)

The tax from recomputing a prior year work incentive credit may not be offset against the current year's work incentive credit.

5. Tax from recomputing a prior year investment credit.—If property is disposed of prior to the life-years category used in computing the investment credit, the credit must be recomputed using as the useful life the period the property was actually held. If the credit taken, including carrybacks and carryovers, exceeds the recomputed credit, the tax in the year of disposition must be increased by the excess. Form 4255 may be used to compute the tax.

The tax from recomputing a prior year investment credit may not be offset against the current year's investment credit.

6. Minimum tax on tax preference items.—Corporations having tax preference items in excess of \$30,000 must attach Form 4626, Computation of Minimum Tax.

Items of tax preference are: (1) accelerated depreciation on real property, (2) accelerated depreciation on personal property subject to a net lease,\* (3) amortization of certified pollution control facilities, (4) amortization of railroad rolling stock, (5) amortization of on-the-job training facilities, (6) amortization of child care facilities, (7) reserves for losses on bad debts of financial institutions, (8) excess percentage depletion, and (9) capital gains.

Single copies of Publication 334, Tax Guide for Small Business (1975 edition), may be obtained without cost from most IRS offices.
