To the citizen who was
irritated about the ~~flap~~ ^{discussion}
~~about~~ the name Black Sambo.

I am sure that he isn't old
enough to know just how ^{deeply} ^{additionally} to ^{public}
Black have been ridiculed by
places, ridiculed by singers
who Blacken their faces. Records
shows that took on the character
of the ignorant black people
the name Black Sambo does
nothing but encourage people
to remember the days when
Black was not a name to be
proud of. We have lived through
that era. We take pride

in our name and age
displeased when it is used
in connection with Black Sambo,
