virginia

Design Homes of Reston have transformed their name into a townhouse.

Design

Balconies overlook separate entry foyers and spacious living rooms.

Cathedral ceilings rise over modern kitchens.

Sliding glass doors bring the outdoors in and provide access to private courts in both the front and back.

And some living rooms are stepped down for added floor plan excitement.

Homes

The warmth and convenience of a new home are evidenced in every model.

Fireplaces are standard in each family room.

Modern Frigidaire kitchen appliances have been especially chosen for their attractiveness and reliability.

Privacy fencing contains each front patio.

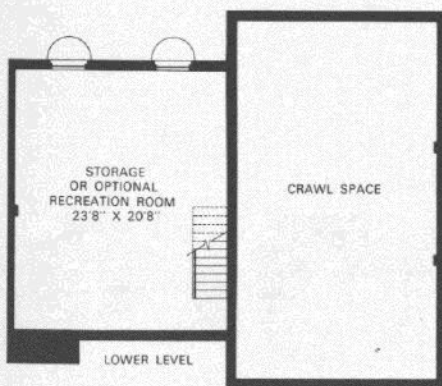

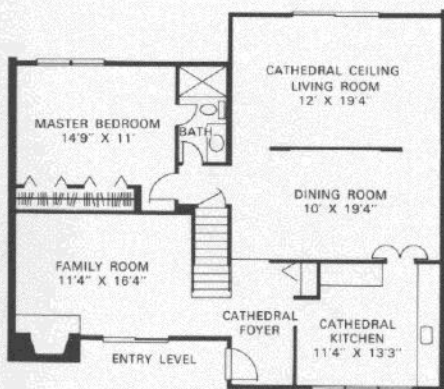

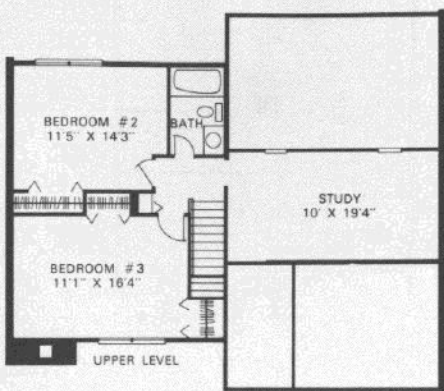

And central air conditioning is a standard benefit.

of Reston

And because of the Reston location, schools, pools, tennis courts and the convenience of the nearby bus stops of Reston's express commuter service become a few of the standard bonuses given to each owner of a new Garden Court Home.

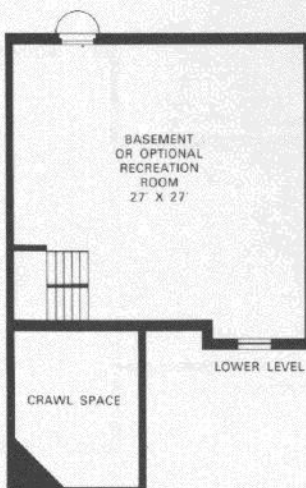

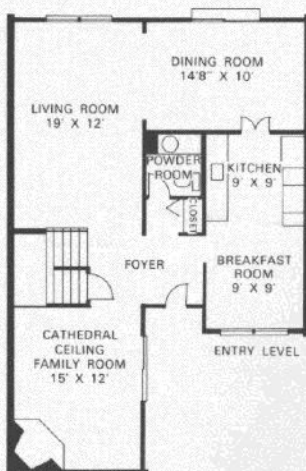

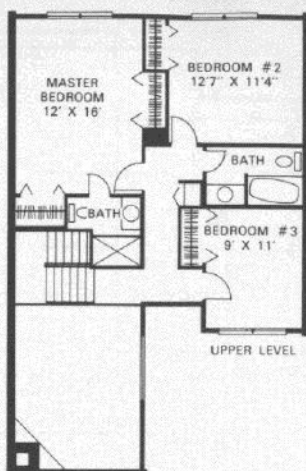

For more information call Reston Realty at 471-5400.
