

RESTON 2000

MACRO ISSUES	MEMBERSHIP	FINDINGS, WHAT'S HAPPENED, ISSUES TO RESOLVE	RECOMMENDATIONS	ACTION TAKEN UNDERWAY OR PLANNED	TO BE DONE	SPECIAL CHALLENGES
Electronic Village	John Thillmann/ chair emeritus/R2K; Ed Grillo-Ruth Overton/RCC; Tracey White-Mike Clarke/GRCC; John Palatiello/R2K; Bill Bouie/R2K; Ridge Loux/R2K; Linda Singer/Super- visor Hudgins' office	John and other committee members have met with various potential providers of "portal"-type Internet websites for Reston 2000: 1) Oracle has promised to offer a service that would have easy-to-use Web publishing tools, but hasn't followed through; 2) eNeighbors is a national franchise that would offer offer similar service, but based on a nationally used template; Times Community Newspapers offered similar service, then withdrew offer.	eNeighbors: Their proposal is only feasible one on the table. We should move on the offer soon to meet July deadline.		Select provider by July 1 2000.	Even if we find provider, we'll have to generate funds and people to launch and maintain site -- a long-term commitment.
Strategy for funding assistance for infrastructure repair & replacement	Mike Clarke/GRCC, Vicky Wingert-David Haas/RA; Mike Guthrie/R2K; Chuck Veatch/R2K; Linda Singer/Super- visor Hudgins' office	Board of Supervisors approves request by Supervisor Hudgins for \$50,000 for study of revitalization of Lake Anne and Reston. Hudgins is expected to appoint task force on study that would include Reston 2000. Reston 2000 and Hudgins' office will explore how their revitalization efforts can be coordinated for maximum achievement of goals. Many clusters have inadequate levels of reserves. Outreach efforts by RA are extensive and first rate but under-utilized. Majority of covenant violations are by homeowners who lack financial know-how or resources to find help. Red flag: Island Walk co-op, needs major maintenance. There's consensus that clusters can legally get financial help, but more concerted, focused efforts are needed	Need clearinghouse to help homeowners find all possible financial help. Need meeting with Jeremy Novak of Fairfax Housing Dept. to see what's available and how to create clearinghouse. Need to study cluster organization to understand financial problem and how to solve it. Should small clusters be aggregated to leverage potential? Need feedback from Cluster Exchange Committee. Need outreach with Island Walk board	Steve Jacobsen/RA staff will talk with Cluster Exchange about adequacy of cluster reserves/ professional management and report back. Steve/RA staff will get Island Walk update & report back; Vicky will get RA's Sue Osborne involved for her expertise. Mike will invite Mike Miller, who chairs county-man dated renewal effort in Reston, to join Reston 2000		Cluster resources; cluster access to financial help programs. Island Walk co-op
Transportation	John Lovaas/RCA; Tracey White/Mike Clarke/GRCC; Vicky Wingert-David Haas/RA; Bill Keefe/R2K; Tom D'Alesandro, RTCJC; Linda Singer/Super- visor Hudgins' office	Transportation Committee meets June 15 and reviews 28 short- and long-term transportation improvements. They include Atlantic Realty proposal that Plaza America fund construction of walkway on south side of Sunset Hills Road east of center to Hunter Lab; Fx Co. completes design work for walkway along Wiehle Ave. from N. Shore Dr. to Baron Cameron Ave., and RA has seed money for construction, targeted for this year; RA will begin mowing, etc., of Reston streets w/ state funds beginning July 1; widen-
