HISTORY OF FOCUS:

It as agreed that a history of Reston Black Focus would be of great help not only to the Steering Committee but also as a reference and guide to various persons interested in integration, diversity, new towns, black organizations and so on. Because of the uniqueness of R.B.F. and its developements, relationships, philosophy.

There was some discussion of who might assist, who would undertake the major responsibility . Should it be one or two persons? Point of view of historian or others disciplines.
